I did not see who killed him. From my house Aizul's house will be about three furlongs away. The occurrence took place at night. After the occurrence my nephew Jahirul went to my house with a run at night and woke me up by shouting. He too became unconscious at my courtyard. Having seen cut wounds in his hand, I went to Jahirul's house immediately. There I found Aizul on a 'chang' (a raised platform used as bed). His neck was being cut and right hand was broken. His neck was almost cut and there was spilled blood inside the house. In the morning I lodged ejahar Ext. 1 with Silbori Police Out Post. Ext. 1(1) is my signature. police recorded my statement during investigation of the

case. I saw blood in the wearings of Aizul's wife. I did not name anybody in the ejahar. I did not suspect anybody.

On S/A,

I know accused Abdul Latif. Deceased Aizul Hoque was my husband. One night about 1 ½ years ago, my husband and I were sleeping inside the house when accused Latif entered our house. He killed my husband by cutting his neck with dao. At that time our baby son was with us. When my baby cried out, I woke up and raised alarm. Then my husband's elder brother Jahirul came to the place of occurrence taking an open lamp in hand. I could recognize accused Abdul Latif when he flashed his torchlight. At the time of occurrence the accused was clad in black shirt and lungi. Blood coming out of my husband's neck stained my wearings. Police examined the dead body at the time of investigation of the case. They interrogated me. I stated before the police what I have stated today.

XXXXXX Cross

P.W. 1 is my husband's paternal uncle. He had come to the place of occurrence after about half an hour. Many other people also came

accompanying him. I told them that accused Latif had killed my husband. At the time of occurrence there had not been open lamp or lamp inside our house. Having heard groaning I could not find out the lamp. I also had not found the matchbox. I told PW-1 and other people that I could recognize the accused in the torchlight. It is not a fact that I did not tell anybody that I could recognize accused Latif in the light of the torchlight. At about 4 p.m., on the day of occurrence, I had had a quarrel with the wife of accused Latif. That very night the accused killed my husband. It is not a fact that I have given false evidence. It is not a fact that I have deposed falsely that I could recognize accused Latif in the flash of torchlight. It is not a fact that I have deposed falsely against accused Latif since I had had a quarrel with his wife that evening; and that I could recognize accused Latif in the flash of the torch light.
